1. Comment. The 284th Gds Mtz Rifle Regt of the 95th Gds Rifle Div is listed in Eisenstadt. Between 10 and 18 August 1955, the departure of five troop trains was reported.

the 37-mm four-barreled AA guns belong to the 95th Gds Rifle Div. This type of AA guns, however, was previously observed with air force AAA units only. Since another report stated that no troop train left Eisenstadt at 1600 on 18 August, which could be identical with the present report, it is possible that the latter carried air force AAA units from Wiener Neustadt.
